

ABHISHEK KUMAR

Flutter Developer | Flutter & Android | Mobile Application Developer | 8+ Apps Delivered

adoxyAKD@gmail.com | +91 8933854370 | Gurgaon, India | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Flutter Developer and Mobile Application Developer with **4+ years** of professional mobile development experience - **1+ year** of hands-on Flutter/Dart development and **4+ years** of Android Native development (Kotlin), with the most recent period spanning both platforms. Led a full native-to-Flutter migration of a live social networking app, rebuilding its UI, navigation and core functionality in Flutter and publishing it live on both the Google Play Store and Apple App Store. Skilled in REST API integration, Firebase, responsive UI, unit/widget testing (Flutter Test, Mocktail) and scalable architecture (MVVM, Clean Architecture), backed by strong Android fundamentals in authentication, notifications, background processing and production deployment.

TECHNICAL SKILLS

Languages	Dart, Kotlin
Mobile Dev	Flutter, Android SDK, XML/ViewBinding
Flutter	Flutter UI Development, Responsive UI, State Management (Provider, Riverpod), Navigation, REST API Integration, Custom & Reusable Widgets, Local Storage, Async Programming
Architecture	MVVM, Clean Architecture, Repository Pattern, SOLID, OOP, Design Patterns
Backend & Services	REST APIs, Firebase, Firebase Authentication, Firestore, Realtime Database, FCM, Crashlytics
Database	Room DB, Local Storage, Firestore
Android	ViewModel, LiveData, Coroutines, Flow, Retrofit, Volley, WorkManager, AlarmManager, Foreground Service, Deep Linking, Material3, Google Play Billing
Testing	Unit Testing, Flutter Test, Mocktail
Tools	Git, GitHub, Android Studio, VS Code, Postman, JIRA, Figma, CI/CD, Play Console, App Store Connect, Google Maps, WebSockets/Socket.IO, AdMob, Agile/Scrum

PROFESSIONAL EXPERIENCE

Flutter & Android Developer — Ahead Websoft Technologies Pvt. Ltd Jul 2025 – Present
Gurgaon, India

Social Engine App — Native-to-Flutter Migration | *Flutter, Dart, Firebase, REST APIs, MVVM*

- Migrated the Social Engine application from native Android (Kotlin) to a complete Flutter implementation, independently converting the entire codebase to a scalable, cross-platform architecture.
- Rebuilt UI screens, navigation flows and state management (Provider, Riverpod) in Flutter/Dart while preserving full feature parity with the original native app, including content sharing, activity feeds and real-time engagement modules.
- Integrated REST APIs and Firebase services into the new Flutter architecture, and continue to contribute to ongoing development and maintenance of the Flutter-based version.
- Wrote unit and widget tests using Flutter Test and Mocktail to validate core business logic and UI behavior.
- Published the Flutter-based iOS build live on the Apple App Store, alongside the existing Android release.
- Originally architected and launched the app's native Android version, reaching 100+ active users, before leading its transition to Flutter.

Clubdunes App | *Android (Kotlin), Firebase Realtime Database, MVVM, Coroutines*

- Developed and shipped a community-based social networking app currently serving 100+ users.
- Implemented real-time posts, comments and interaction flows using Firebase Realtime Database.
- Applied MVVM architecture and Coroutines to ensure a clean, maintainable and scalable codebase.

Android App Developer — I-Next Web Technologies Pvt. Ltd

May 2024 – Jul 2025

Chandigarh, India

HappyTask App — Service Booking Platform (Play Store) | *Android (Kotlin), WebSockets, REST APIs, Deep Linking*

- Architected and shipped HappyTask, a service booking platform spanning 15+ categories, live on the Play Store.
- Achieved 40% faster booking completion through optimized API pipelines and a redesigned UI flow.
- Built a WebSocket-based notification system that cut alert latency by 90% versus polling, plus a deep linking layer enabling third-party apps to navigate directly to specific service screens.

BaOui App — Language Learning Platform | *Android (Kotlin), Firebase*

- Built and launched a multilingual language-learning app, acquiring 1,000+ active users across 30+ languages.
- Developed full learning modules — listening, reading, video learning, vocabulary builders and practice exercises — with personalized flows and spaced-repetition review.
- Integrated Firebase for dynamic content delivery, enabling real-time curriculum updates without app releases.

TixiePics App — Surveillance Platform | *Android (Kotlin), FTP Integration*

- Developed a surveillance-based Android app with background image capture at user-defined intervals.
- Integrated FTP functionality to securely upload captured images to remote servers in real time, with scheduling and network connectivity detection for uninterrupted operation.
- Designed an intuitive UI enabling non-technical users to configure and manage surveillance settings easily.

Android App Developer — I-Exceed Technology Solutions Pvt. Ltd

Feb 2022 – Jan 2024

Bengaluru, Karnataka, India

Appzillon App — Microservices Banking Platform | *Android (Kotlin), Appzillon Framework, Firebase*

- Contributed to a microservices-based banking platform serving enterprise clients across multiple banks, ensuring seamless integration with legacy systems.
- Delivered high-quality modules across Local, UAT and production environments with minimal defect leakage, collaborating with designers, PMs and QA teams in an Agile delivery environment.
- Implemented push notifications, AdMob monetization, and real-time theme switching (light/dark mode) across consumer-facing apps.
- Built a collapsing toolbar with scroll-linked animation, dynamic text localization, and a custom haptic feedback plugin for enhanced UX.
- Integrated Google Maps SDK with custom markers and Custom Chrome Tab/WebView for in-app browsing; configured Play Console internal testing for streamlined QA.

EDUCATION

B.Tech – Information Technology | 70.63%

Ajay Kumar Garg Engineering College, Ghaziabad — Aug 2017 – Sep 2021

Intermediate | 72.20%

National Institute of Open School, Gorakhpur — Jul 2016 – Jul 2017

SSC | 85.50%

RAMPUS, Gorakhpur — Jul 2013 – Jul 2014

CERTIFICATIONS

- Kotlin Development Masterclass 2023 — Udemy
- Android App Development Masterclass (Java) — Udemy

ACHIEVEMENTS

- Attained a 5-star rating on HackerRank in Core Java.
